

**US Army Corps  
of Engineers®**  
Philadelphia District

**PROJECT FACT SHEET**  
**DARBY CREEK, DARBY BOROUGH**  
**DELAWARE COUNTY PA**

**March 2005**

---

**CONGRESSIONAL INFO:** Sen. Specter, PA; Sen. Santorum, PA; Rep. Brady (PA-1)

**AUTHORITY:** Section 206 of the Water Resources Development Act of 1996 as amended.

**LOCATION:** The study area is located in the community of Darby, in Delaware County.

**STUDY/PROJECT DESCRIPTION:** The Corps of Engineers assistance was requested in restoring the stream.

**STUDY/PROJECT STATUS:** The study has been initiated and an initial evaluation prepared. A Preliminary Restoration Plan (PRP) is being developed which will need to identify a restoration plan that significantly improves the aquatic environment by stream and riparian restoration. If such a plan can be developed which can be implemented at a reasonable cost, it will be the basis of project implementation.

**ENVIRONMENTAL STATUS:** An environmental assessment will need to be prepared.

**SPONSOR:** Delaware County Planning Commission

**CRITICAL ISSUES:** Due to the nationwide demand for limited program funds, funding to complete the PRP and subsequent design may not occur in FY2005.

**PROJECT MANAGER:** Barbara Conlin  
(215) 656-6557
